## WILSON ORDERS BURKITT PUT BACK IN OFFICE

[Republican A. P. Leased Wire]  
WASHINGTON, Nov. 16.—The woman's section of the Navy League, holding its first annual meeting here today, effected a permanent organization and resolved to enlist a million members by January 1 to aid in the campaign for national preparedness. Each of the forty-eight states, the District of Columbia, Hawaii and the Panama zone are represented on the board of governors elected at the business session.

Resolutions adopted declared upon the president and other officers of the government to support legislation for adequate national defense and provided for the observance of the opening day of congress each year as "national defense" with meetings and rallies throughout the country under the auspices of the organization. Assistant Secretary Roosevelt of the navy department, addressing the women, suggested that one of the most practical ways in which they could help the navy was by persuading all men who had ever been in the service to join the naval reserve.

Mrs. O. H. P. Belmont of New York discussed the right of woman to a part in preparations for war. "Women demand that they be consulted in public affairs and in war especially," she said, "since they who supply every man sent to be killed and because woman suffers mentally and physically infinitely more than man in war."

Mrs. William Cumming Story, president of the Daughters of the American Revolution, announced that she had called on everyone of the 115,000 members of that society to join the woman's section of the navy league.

Bill Prohibiting Papers Carrying Ads of Liquor Houses Passed by Georgia Legislature

[Republican A. P. Leased Wire]  
ATLANTA, Ga., Nov. 16.—Bills prohibiting publication of liquor advertisements in Georgia and limiting the amount of liquor individuals may have shipped into the state were passed today by the lower house of the legislature. The measures, which supplement a bill passed last week, prohibiting manufacture or sale within the state of any description containing more than one-half of a percent of alcohol, already have passed the senate and are understood to have the approval of Governor Harris. The legislative program is expected to entirely eliminate breweries, locker clubs and "near beer saloons" permitted to operate under present prohibition laws.

### CONVICTS CAPTURED

[Republican A. P. Leased Wire]  
PARKVILLE, Mo., Nov. 16.—Charles Bauman and Ben Davis, convicts who escaped from the Kansas State penitentiary last week were captured here this afternoon. The men were found in a rock quarry. William La Trasse, leader of the escaping prisoners, who was serving a term for train robbery has not been recaptured.

## RAISING OF POULTRY IN SALT RIVER VALLEY

May Be Made Source of Supply For Const Markets.

H. P. Reiter, head of the produce department of the Pacific Coast Beef & Provision Co. of Los Angeles, arrived in the city yesterday morning to look over the poultry situation in the valley, and more especially to purchase turkeys for the holiday trade. It is most too late to make arrangements for the Thanksgiving trade.

Though the Pacific Coast Beef & Provision company has been one of the largest handlers of cattle of this valley, and owns a large ranch on the south side, it has never dealt in valley poultry, its supplies having come from Texas and Oklahoma. Mr. Reiter has been sent by his company at the earnest and repeated solicitation of General Freight Agent Sparks of the Arizona Eastern. As he said, he came more for the purpose of quieting Mr. Sparks than for the purpose of making this valley a source of the poultry supply of his house.

But he found conditions here much better than he expected. He thinks that there is no country in the world where the raising of poultry may be carried on more profitably if it is gone about in the right way; if the right kind of poultry is raised and the farmers have in mind all the time the needs of the market. But there must be a steady supply of the right kind of stuff, and it must be good stuff, if the reputation of the valley as a source of supply is maintained. Extravagantly high prices are not, of course, to be expected; that is prices such as farmers may obtain at certain seasons of the year for the best of their poultry. They should depend upon steady profits throughout the year, rather than upon great profits for a short time and losses for the rest of the year.

Mr. Reiter was surprised at the great number of turkeys in the

## WOMEN READY TO WORK FOR PREPAREDNESS

[Republican A. P. Leased Wire]

WASHINGTON, Nov. 16.—President Wilson has directed the reinstatement of George Burkitt, the assistant postmaster at Winnetka, Ill., who was dismissed after he had criticized the president's engagement to be married. It was said at the White House that the man would be restored to office regardless of various charges filed against him.

Dismissal of Burkitt was ordered recently by Third Assistant Postmaster General Roper on the recommendation of Postmaster Kloefer at Winnetka, and the order actually had taken effect, although all the legal formalities had not been completed, and only today the papers in the case had been turned over to an inspector for further investigation.

Mr. Roper said tonight that the White House order had not reached him. Earlier, the department had issued a statement saying the remarks made by Burkitt about the president's engagement constituted only an incident which alone would not have been sufficient ground for his removal, but that "this was one in a series of admitted offenses which

valley and the apparent high quality of them. He recommends more attention to chickens and ducks, especially the latter, for there is more money in them and they are salable at all seasons of the year. Live chickens, while the turkey market is confined to the last two months of the year.

He is making arrangements for shipments of turkeys on a large scale, beginning about December 15, and continuing to December 19.

The president acted as soon as the case was brought to his attention. At first it was announced that Burkitt's reinstatement was ordered, "if no other charge were found against him," but tonight officials stated that the order was unconditional.

### POPE CALLS MERCIER

ROME, (Via Paris Nov. 16.—The Giornale D'Italia says that the pope, desiring to settle some questions of a purely religious character, has invited Cardinal Mercier, primate of Belgium, to come to Rome. The pontiff, the paper adds, will certainly want to receive from Cardinal Mercier exact information regarding the clergy in Belgium.
